

German engineering at its best

Toners | Printers | Service | Leasing | MPS

PRESS RELEASE – December 31st 2017

German Imaging Technologies (GIT) expands its partnership with Souq.com to be “Fulfilled by Souq”.

German Imaging Technologies, the leading printing document solutions provider in the Middle East and Africa, expands its partnership with Souq.com, the leading online store, to provide an even more effective solution to home offices and small offices.

“The initial launch on souq.com, earlier this year, made it easy for individuals, home offices and small offices to benefit from GIT products being delivered at their doorstep. Together with souq.com, we’ve reached the point where we can leverage their full infrastructure for the benefit of these customers, providing an even better experience.” declared Dr. Sassan-Dieter Khatib Shahidi, CEO and founder of German Imaging Technologies.

Founded in 1999, German Imaging Technologies has been recognized by IDC as the leading OEM-alternative supplier from 2007 and continues to help more than 2,000 customers in 15 countries across the Middle-East and Africa by providing premium remanufactured toner cartridges, printers, leasing, service contracts and managed print services, helping these customers reduce their problems, costs and environmental impact. The company has embarked on a regional expansion strategy and prides itself in delivering a compelling turn-key printing solution in a reliable, responsible and responsive manner.
