

German engineering at its best

Toners | Printers | Service | Leasing | MPS

PRESS RELEASE – April 4th 2017

German Imaging Technologies (GIT) joins the EWS-WWF Corporate Membership Programme.

April 4th 2017, Dubai: German Imaging Technologies, the leading printing document solutions provider in the Middle East and Africa, becomes a Gold Member of the Emirates Wildlife Society in association with WWF (EWS-WWF) Corporate Membership Programme.

“GIT’s purpose is to contribute to an environmentally sustainable future for generations to come. It is with great pleasure that GIT signed a three year corporate membership with EWS-WWF. As part of GIT’s contribution to a better future, we support EWS-WWF with the provision of managed print services, using environment friendly printers and remanufactured toners.” declared Dr. Sassan-Dieter Khatib Shahidi, CEO and founder of German Imaging Technologies.

Founded in 1999, German Imaging Technologies has been recognized by IDC as the leading OEM-alternative supplier from 2007 and continues to help more than 2,000 customers in 15 countries across the Middle-East and Africa by providing premium remanufactured toner cartridges, printers, leasing, service contracts and managed print services, helping these customers reduce their problems, costs and environmental impact. The company has embarked on a regional expansion strategy and prides itself in delivering a compelling turn-key printing solution in a reliable, responsible and responsive manner.
